

Experience your Next Dream Vacation with www.Webcams.travel

As new technology is growing quickly, it is important to stay connected at all times.

[Webcams.travel](http://www.Webcams.travel) is a perfect tool for connecting to destinations around the world.

[Webcams.travel](http://www.Webcams.travel), allows users to search for a country or city and have images of a specific street, site, landmark, or ideal vacation spot shown to them within seconds. Joerg Eugster, CEO of [Webcams.travel](http://www.Webcams.travel) states, “When creating the idea of an international webcam portal for tourists we were in search of a suitable domain name that fit our company, which is why we choose www.Webcams.travel.”

Eugster is very familiar with **.travel**; he owns **topin.travel**, **ausflugsziele.travel** and many others. Launched in April 2007, [Webcams.travel](http://www.Webcams.travel) receives roughly 50,000 visits a day and site traffic is increasing rapidly.

“Our benefit is the simplicity of the domain: [Webcams.travel](http://www.Webcams.travel) sends a clear message. **.travel** lets users know exactly what we do; we present all those webcams and deliver them to all kinds of portals (internet or mobile)”. [Webcams.travel](http://www.Webcams.travel) shows thousands of great webcams all over the world.” Eugster says, “[Webcams.travel](http://www.Webcams.travel) is available in twenty-five languages. Our webcams are presented on many Internet portals, map applications such as Google Maps and Earth, and on many iPhone applications (eg. WorldView).” A sample of the website can be viewed on YouTube by visiting <http://www.youtube.com/watch?v=ruvXAiORGHY>.

[Webcams.travel](http://www.Webcams.travel) can be used as a guide to find the places you are visiting with a REAL image of the destination, tourist attraction, historic landmark, park, or beach. [Webcams.travel](http://www.Webcams.travel) is the perfect way to explore the world and look up travel opportunities in a matter of minutes on-line.
